

'Getting Unstuck' Workshop for Mums

Summary

**EAT.
SLEEP.
MUM.
REPEAT.**

Arranged by Karolyn Gamble
Founder of Eat Sleep Mum Repeat

Why I created these workshops

Many mums find themselves trapped in the Eat Sleep Mum Repeat cycle.

They want something to change, but don't know how to create the change.

AND crucially, most mums don't talk about it, because of the guilt they feel about that!

I encourage mums to be more than just mum, by getting out, and staying out, of that cycle.

My personal experience is of feeling trapped in this cycle and not knowing what to do,

Or who to talk to about it.

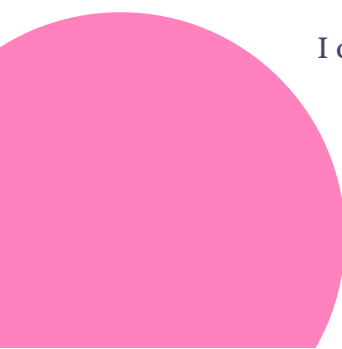

I felt disempowered and 'stuck'!

Luckily, with some guidance, I managed to break out of that cycle.

And, I created a place where other mums can talk about it, without guilt or judgement.

Here mums have a place, and the space, to invest time in themselves.....
.....and to figure out what change they want and how they're going to create it.

I created these workshops to bust through the myths and the guilt
that trap mums in that cycle.

Workshops Format

I offer my workshops as a series of four modules.

Each module focuses on one of the four components of my formula for 'getting unstuck'.

Combined, these four components show mums how to empower themselves to get unstuck and make positive change.

Workshops can be run in-person or online, for groups or individuals,

I can host them as a single series of 4 sessions, or on a cycle, where I host them on repeat throughout the year.

Workshops Purpose

How to use the formula - and making sure you do!

This formula is powerful...it's proven!

However, just knowing this formula isn't enough!

To create the positive change we want, we must put this formula into action.

But, that's easier said than done, isn't it!

Life is busy!

There are many demands on our attention, especially for busy mums!

There are many things filling our time and preventing us from spending time on what really matters to us!

The challenge lies in actively MAKING the time to create that change....

That's why I created these workshops.

These workshops are for mums who know they're ready to 'Break The Cycle' and create positive change but would like help creating the time to make that happen!

I am self-employed, having left behind a 20+ year corporate career because I wanted to feel like I was making a difference.
